

REPORT ON CATARACT SURGERIES SPONSORSHIP IN JULY 2025

To: The Management, Love Vision Foundation

From: Eye Foundation Hospital, Abeokuta.

Month in Focus: July, 2025

Subject: Report on Cataract Surgery Sponsorship at Eye Foundation Hospital, Abeokuta

1.0 Introduction

This report provides a summary of the cataract surgery sponsorship program executed in July 2025 at the Eye Foundation Hospital, Abeokuta. The surgeries were made possible through the generous funding and unwavering commitment of the Love Vision Foundation, and this report aims to document the success of the initiative and the profound impact it has had on the lives of the beneficiaries.

2.0 Activity Summary

In the month of July 2025, three patients were successfully treated for cataracts under the sponsorship of the Love Vision Foundation. The surgeries were performed at the Eye Foundation Hospital, Abeokuta branch – 12, Lalubu Street, Oke-Ilewo, Abeokuta, Ogun State.

Originally, four patients were planned for surgery for the month of July and whose payments were made by Love Vision Foundation to Eye Foundation Hospital, Abeokuta. However, due to the unavailability of the lens of the fourth patient on the day of the surgery, the surgery was postponed the following month – August, 2025.

The details of the patients who received the surgery are as follows:

- **Kareem** [REDACTED]: A 68-year-old male [REDACTED] who has regained his vision, significantly improving his quality of life and independence in his golden years.
- **Ojo** [REDACTED]: A 38-year-old male [REDACTED]. The restoration of his sight is expected to have a transformative effect on his ability to work and provide for his family.
- **Olaseni** [REDACTED]: A 65-year-old female [REDACTED], who can now perform daily tasks with greater ease and confidence, reconnecting with her community and loved ones.

3.0 Impact on Patients' Lives, Families, and Livelihoods

The impact of the cataract surgery is that of a life-changing improvements in vision, independence, and economic stability. The Love Vision Foundation's sponsorship has had a direct and measurable positive effect on the lives of these three individuals and their families.

For an older patient like Kareem [REDACTED], the surgery has restored his ability to navigate his surroundings safely, engage in social activities, and maintain his independence, which is vital for his dignity and mental well-being. Similarly, for Olaseni [REDACTED], the improved vision will enable her to participate more actively in family life, manage household duties, and enjoy a greater sense of security. The newfound clarity of sight means they are no longer dependent on others for simple tasks, reducing the burden on their families and empowering them to lead fuller lives.

The case of Ojo [REDACTED] is particularly impactful. At 38, he is primary earner and breadwinner for his immediate and extended family. Cataract, due to trauma caught with him at work, reducing his productivity drastically and making him of less use for his employers. This impacted opportunity for gigs for him and which took a toll on his financial capacity. By restoring his vision, Love Vision Foundation has not only given him back his sight but has also restored his livelihood. He can now return to work, earn a living, and secure a brighter future for his family, directly contributing to the economic stability of his household. The ripple effect of this single act of kindness will be felt for years to come.

4.0 Conclusion and Gratitude

The sponsorship of these cataract surgeries is a testament to the Love Vision Foundation's commitment to making a tangible difference in the lives of those in need. The results of this initiative demonstrate that targeted support can lead to profound and lasting change. The Eye Foundation Hospital appreciates the essence of this partnership even as it would make its mark in the mission to eradicate preventable blindness and restoring hope within our communities.
